

calenhad::controls  
::legend::LegendEditor  
::setSlider

```
graph LR; A["calenhad::controls<br/>::legend::LegendEditor<br/>::setSlider"] --> B["calenhad::controls<br/>::legend::LegendEditor<br/>::legend"]
```

A diagram showing a call from a slider method to a legend method. On the left, a gray box contains the text 'calenhad::controls', '::legend::LegendEditor', and '::setSlider'. A blue arrow points from this box to a white box on the right. The white box contains the text 'calenhad::controls', '::legend::LegendEditor', and '::legend'.
