The diagram illustrates a file dependency structure. At the top is a gray box representing a header file: /home/ferret/CLionProjects/calenhad/src/mapping/TerraceCurve.h. Below it are two white boxes representing source files. A blue arrow points from the left source file, /home/ferret/CLionProjects/calenhad/src/mapping/TerraceCurve.cpp, up to the header file. Another blue arrow points from the right source file, /home/ferret/CLionProjects/calenhad/src/module/AltitudeMap.cpp, up to the same header file.
