

/home/ferret/CLionProjects  
/calenhad/src/nodeedit/Calenhad  
ToolBar.cpp

```
graph TD; A["/home/ferret/CLionProjects  
/calenhad/src/nodeedit/Calenhad  
ToolBar.cpp"] --> B["QtWidgets/QDockWidget"]; A --> C["CalenhadToolBar.h"]; C --> D["QtWidgets/QToolBar"];
```

The diagram illustrates the dependencies of the file `ToolBar.cpp`. It is a directed graph where the top node is the source file, and arrows point to the files it depends on. The top node is a grey box containing the path `/home/ferret/CLionProjects /calenhad/src/nodeedit/Calenhad ToolBar.cpp`. Two arrows point from this box to two white boxes below it: `QtWidgets/QDockWidget` on the left and `CalenhadToolBar.h` on the right. A third arrow points from `CalenhadToolBar.h` to another white box below it, `QtWidgets/QToolBar`.

QtWidgets/QDockWidget

CalenhadToolBar.h
